### HOW DEPARTMENTS WERE SCORED

Departments were scored against Framework targets where the deadline is passed, taking into account that not all targets are applicable. The ranking is absolute - i.e. a Department that is close to meeting the target (or has only met one part of it) is marked as not meeting the target.

What the stars mean: % of targets met, past the deadline. Percentages are calculated from lowest score of 30.8% by LOD.  
Five stars: met 85% of targets and above  
Four stars: met 70-84% of targets  
Three stars: met 55-69% of targets  
Two stars: met just 40-54% of targets  
One star: met just 25-39% of targets
